It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Salt Publishing. Paperback. Book Condition: new. BRAND NEW, Plastic Jesus, Wayne Simmons, Plastic Jesus grabs you by the throat. From the opening paragraph, without warning, it plunges you into a world of fear and confusion and visceral emotion. When it spews you back out again, you are left dizzy, overwhelmed - and desperate to read more. And it's then that you take your first fearful steps into Lark City. It is the near future, following a devastating Holy War. Once part of the US colonies, Maalside, the New Republic, now stands alone in the Pacific, separated from the heartland by 200 miles of salty ocean. Lark City is its capital, watched over by a 50 foot, pouting, stiletto-heeled and garter-belted 'Miss Liberty', a crude parody of the famous landmark across the water. In this brutal neon jungle, Code Guy Johnny Lyon writes a Jesus social networking AI, to rebrand religion following the war. But something goes wrong; a virtual hell breaks on the streets of Lark - a violent, surreal and uncontrollable social breakdown. Caught in this terrifying web of danger are Sarah Lee, Johnny's co-worker, drug lord Paul McBride who is determined to exploit the chaos to wipe out his enemies, and McBride's junkie daughter, a prostitute called Kitty. Now, only Johnny can save Sarah, Kitty and the city.
