

After the Fall: Sri Lanka in Victory and War (Hardback)

Filesize: 3.03 MB

Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Oxford University Press, United Kingdom, 2016. Hardback. Book Condition: New. 227 x 147 mm. Language: N/A. Brand New Book. While Buddhists all over the world were celebrating 2,500 years of Gautama Buddhas passing in 1956, Ceylon (as Sri Lanka was called then) was sowing the seeds of an ethnic conflict. To begin with, language became the source of conflict between the Sinhalese majority and the minority Tamils, until violence itself became the language of discourse between the two ethnic groups. After the Fall shows how Sri Lankas post-independence exercise in nation formation was beset with using language domination as an instrument of partisan power and racial memories as the way to define nationhood. That resulted in an escalating conflict through half a century of ethnic violence-giving rise to one of the worlds most fearsome militant movements and the cult of the suicide bomber. It analyzes how Eelam war four (20069), which came like a tornado crashing through all the red-lines of a war (even a guerrilla war), succeeded-and at what cost and consequences. The book argues how the success of this war, in which tens of thousands of civilians were killed, was the product of a unique combination of domestic and international factors. And why it cannot be replicated elsewhere as an example of fighting the war against terror .
