Date :2007-6-1. In recent years, with the scientific development and social progress, pre-school education on the importance of improving the quality of being recognized more and more people. Normal. Normal pre-professional rapid development of early childhood education training staff to carry out the plan, increase the level of training and institutions. To improve the pre-pre-school students and working professional management cadres, teachers and professional basis for the theoretical level, the higher pre-professional and a variety of in-service teacher training institutions in pre-school education, are the pre-history as a compulsory subject. We write the book, is to meet this need. This book is a textbook, readers with high pre-division undergraduate students and special training of students and workforce management cadre-based pre-school, high school students in both kindergarten teachers, kindergarten teachers, the majority of the parents needs. Concise History of Chinese pre-school education is taught at the 1983 Teacher's College Preschool Education, Kindergarten Education management cadres training, pre-professional evening universities, correspondence universities, pre-school professional certificate specialist classes in the process. After two dozen of teaching practice, and continuously modified form of finishing materials. Its characteristics: comprehensive, systematic, covering from ancient China to pre-1989 history of the entire development process; has distinctive characteristics of pre-professional, pre-school education has nothing to do with the events, characters were not included; a detailed Slightly, focused on the development of China's pre-eminent figures of major problems and were discussed in more detail; some more concise description, note that leeway, such as some historical figures, although not out a separate section, but has In the discussion of the other characters and events, consciously presented their activities and ideas; after the text...
