

New Deal Fat Cats: Campaign Finances and the Democratic Party in 1936

Filesize: 5 MB

Reviews

This ebook will be worth acquiring. It is actually writter in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Trystan Yundt)

Fordham University Press. Paperback. Book Condition: new. BRAND NEW, New Deal Fat Cats: Campaign Finances and the Democratic Party in 1936, Michael J. Webber, In New Deal Fat Cats, Michael Webber offers a fresh perspective on the New Deal. The author analyzes the role of various segments of society in party politics during the political change brought on by the Great Depression. Webber uses analysis of campaign contribution as a major method of evaluating the 1936 presidential election. Today's readers may be surprised at the statistical breakdown of the group that reelected FDR. These groups ranged from southern Democrats and organized labor, to Catholics, Jews, and small businesses. A considerable portion of the author's analysis rests on interpretive literature about the politics of the New Deal and specifically about the role of business in the construction of those politics. The emphasis of this work is on the coalition of what seem to be disparate elements in society suggesting that large and monolithic power blocks are not necessarily the road to major political change in U.S. society. The reader will begin to sense the seemingly divisive pressures from different groups that made the New Deal not only a paradox, but an effective social reality.
