

## Easy Paediatrics: Paediatrics for Medical Students

Filesize: 1.06 MB

### ***Reviews***

*Very useful to all category of individuals. It is one of the most amazing publication i have got read through. You will not feel monotony at anytime of your respective time (that's what catalogs are for about when you question me).*

***(Mr. Johnathon Dach)***

## EASY PAEDIATRICS: PAEDIATRICS FOR MEDICAL STUDENTS

DOWNLOAD

Royal Society of Medicine Press Ltd. Paperback. Book Condition: new. BRAND NEW, Easy Paediatrics: Paediatrics for Medical Students, Rachel Sidwell, Mike Thomson, Written by the same author team as the successful and well-regarded Concise Paediatrics for postgraduates, Easy Paediatrics is a textbook specifically written for medical students. Easy Paediatrics is structured in a systems-based fashion, with additional chapters on subjects such as history and examination, development, genetics, emergencies and surgery. The material is presented logically with presentations, clinical findings, investigations and management options, and useful boxes covering differential diagnoses, causes and complications are also included to complete the picture. Clinical photographs and illustrative diagrams are provided throughout to help the student visualise what they are reading about, and the book is enhanced by a companion website, which contains OSCE-style clinical scenarios and MCQs for all the body systems, so the reader can test what they have learned. Presented in an easy-to-remember style, Easy Paediatrics gives the medical student everything they need to succeed in their paediatrics modules, without bombarding them with excess knowledge that will not be covered in their exams.
