Pan MacMillan, United Kingdom, 2013. Paperback. Book Condition: New. Open market ed. 176 x 110 mm. Language: English . Brand New Book. Returning from Death Benefit, embattled medical student Pia Grazdani decides to take a year off from her studies and escape New York City. Intrigued by the promise of the burgeoning field of medical technology, Pia takes a job at Nano, LLC, a lavishly funded, security-conscious nanotechnology institute in the picturesque foothills of the Rocky Mountains in Colorado. Nano, LLC is ahead of the curve in the competitive world of molecular manufacturing, including the construction of microbivores, tiny nano-robots with the ability to gobble up viruses and bacteria. But the corporate campus is a place of secrets. When Pia encounters a fellow employee on a corporate jogging path suffering the effects of a seizure, she soon realizes she may have literally stumbled upon one of Nano, LLC's human guinea pigs. Is the tech giant on the cusp of one of the biggest medical discoveries of the twenty-first century - a treatment option for millions - or have they already sold out to the highest bidder?.
