## MANAGEMENT OF INPATIENT HYPERGLYCEMIA: A SYSTEMATIC REVIEW

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 80 pages. Dimensions: 11.0in. x 8.5in. x 0.2in. Hyperglycemia is a common finding among medical and surgical inpatients with and without known diabetes, and is associated with poor outcomes across a variety of inpatient subpopulations. The relationship between hyperglycemia and inpatient outcomes may be weaker in patients with diabetes than in patients without diabetes. Hyperglycemia may be a marker of severe, acute illness, one of many physiological derangements associated...

### Reviews

---

*A superior quality ebook and also the font used was interesting to read through. This is for all who statte there was not a well worth reading. I discovered this publication from my dad and i encouraged this pdf to learn.*

-- **Felix Lehner Jr.**

*Here is the finest publication we have read right up until now. It is actually writter in easy words instead of difficult to understand. Its been written in an remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.*
