*This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

To give you a bit of background on myself, I have been writing poetry since I was a child and this book is a compilation of reflections, experiences, and people I have encountered throughout my life. Some poems are based on my impressions, some based on personal experience, and some are purely fictional based on passing strangers and imagining their stories. The main tenet of my writing is to give a new perspective to emotions we all share and to open the reader s mind to see things in a different light. I hope you enjoy reading these poems as much as I have enjoyed writing them.
