An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

We still have blind pigs, of course, though their existence is daily becoming more difficult. It may seem odd that we import \$100,000 sugar, when we export sugar valued at \$64,000,000, but such is the case. Very little of the islands chief product is refined here. We scud to the states \$]00,000 of hides, and import \$240,000 of leather. We give the mainland \$275,000 of coffee, and import \$8,000 worth.
