Brand New Book ***** Print on Demand *****.Excerpt from Thirty Years in the Canadian North-West Green s History of the English People bade the democracy of England turn from the adulation of warriors and the bedizzened glory of martial strife to the majesty of the common people and to the more glorious victories of peace. Dr. Woodsworth has no tales of bloody Indian warfare to relate, but he has stories of heroism to tell which lie at the very foundation of empire in a land of immense distances, incomprehensible richness and variety of resources, and which is destined to be the home of uncounted millions of the most virile race the world has yet produced. His work will contribute material for the future historian and give a touch of inspiration to the consecrated ambassador of Christ. In his arduous labors he was sustained by a prophet s vision of the possibilities of this continent-wide Dominion of Canada, and of the organizing strategy by which her riches will, with increasing lavishness, be distributed for the benefit of the whole world.
